

DEVELOPMENT COORDINATION MATRIX

Priority Areas	Current ADB Strategy and/or Activities	Other Development Partners' Strategies and/or Main Activities			
		Multilateral Institutions and the UN System		Bilateral	
Promoting economic and social stability	Foster inclusive growth	EBRD	SME manufacturing, services enterprises	France	Agro-product registration for European markets, cashmere processing technology
		EU	Agricultural exports, agribusiness, rural development, modernization of the standardization system	Germany	SME development, agricultural cluster development
		FAO	Agricultural processing, control of TADs, agricultural statistics	Japan	Crop-livestock management, animal health, veterinary science
		IFC	Livestock productivity enhancement	ROK	Agribusiness development, supply chain management, private sector development
		World Bank	Livestock insurance and finance, agricultural exports, rural livelihoods, rural development	PRC	Crop storage, dairy production, control of TADs
	Strengthen essential social services	EU	Education – TVET in vegetable and livestock sectors, rural skills development	Australia	Health – communicable diseases Education – disadvantaged children and children with special needs, higher education
		Global Fund	Health – tuberculosis, HIV/AIDS, STIs, health system strengthening	Austria	Health – national cancer center, maternal health and child care, infrastructure development, medical equipment
		IFC	Health – hospital investments	Belgium	Health – diagnostic and treatment centers
		ILO	Social protection, youth employment, pension coverage for herders	France	Health – national trauma centers, medical equipment, capacity development
		World Bank	Health – e-health systems Education – early childhood education, primary education, rural areas, access in disadvantaged areas	Germany	Health – health insurance Education – TVET, higher education in engineering and technology, higher education scholarships
		WHO	Health – communicable and non-communicable diseases, emerging diseases, health promotion, health system development	Luxembourg	Health – cardiovascular telemedicine networks, prenatal diagnostics, surgical skills development

Priority Areas	Current ADB Strategy and/or Activities	Other Development Partners' Strategies and/or Main Activities			
		Multilateral Institutions and the UN System		Bilateral	
	Accelerate structural reform	UN	Health – child health and nutrition, new born care, immunizations, family development, health insurance coverage, health services utilization Education – preschool education, non-formal education, primary and secondary education, children with disabilities, early childhood development	India Japan PRC ROK	Education – ICT education Health – teaching hospitals, medical education and training Education – primary and secondary education, ICT, teachers training, engineering education, higher education scholarships Health – laboratory capacity building, e-health systems Education – school financing, higher education scholarships Health – medical diagnostics and treatment centers Education – smart education, ICT for universities
		EU	SME finance	Austria	SME finance
		IMF	Banking supervision, financial system assessments, monetary transmission, foreign exchange market management	Japan	Capital markets development, SME finance, export credit lines
		IFC	SME finance	ROK	SME finance, access to finance, payment systems, financial sector regulation
		World Bank	Capital markets development, banking supervision, deposit insurance, housing finance, payment systems, financial capability and consumer protection		
Developing infrastructure for economic diversification	Improve physical connectivity			Germany Japan	Food distribution infrastructure Airports, bridges

Priority Areas	Current ADB Strategy and/or Activities	Other Development Partners' Strategies and/or Main Activities			
		Multilateral Institutions and the UN System		Bilateral	
	Catalyze urban economic growth	EBRD EIB UNDP World bank	Wastewater treatment <i>Ger</i> area improvement Urban governance, county (<i>soum</i>) center development, water supply, sanitation Urban services provision, urban air quality	Kuwait PRC Russia Austria France Germany Japan ROK PRC US	Roads Roads, bridges, railways, customs modernization Regional cooperation, trade facilitation Water supply Wastewater treatment <i>Ger</i> area improvement, sewage plant construction, energy efficient housing Water supply, air pollution control, solid waste management, <i>ger</i> area improvement Urban transport Housing finance, urban infrastructure, <i>aimag</i> center development Water supply
Strengthening environmental sustainability	Improve natural resource management	FAO IFAD UN REDD UN	Irrigation systems, water management, forestry Pasture management Sustainable forest management GHG emissions reduction	Canada Germany Japan	Groundwater improvement Integrated water resource management, forest inventory River basin management

Priority Areas	Current ADB Strategy and/or Activities	Other Development Partners' Strategies and/or Main Activities			
		Multilateral Institutions and the UN System		Bilateral	
	Broaden climate change response	EBRD	Renewable energy, energy efficiency	Germany	Energy efficiency, thermal power, rural renewable energy, adaptation of key forest ecosystems, protected area management
		UNDP	Ecosystem-based adaptation		
		UN REDD	Forest carbon stock enhancement	Japan	Power plant rehabilitation
		World Bank	Renewable energy, energy efficiency	Kuwait	Hydropower development
	Build capacity for disaster risk management	UNDP	Disaster risk reduction, capacity building of local communities	Austria	Disaster prevention response, capacity building of NEMA
Cross-cutting theme: gender		IDLO	Gender-based violence	ROK	Business development for women
		UNDP	Gender mainstreaming, gender disaggregated data		
		UNFPA	Gender-based violence, gender-based discrimination, women's representation		
Cross-cutting theme: public sector management		IMF	AML/CTF, debt sustainability, MTBF, treasury operations and cash management, tax administration	Japan	Tax collection systems, internal government audits
		World Bank	Financial audit, public procurement, tax policy reform, public expenditure and financial accountability, sovereign wealth funds, fiscal risk management, smart governance	US	Budgetary systems, debt sustainability

ADB = Asian Development Bank, AML = anti-money laundering, CTF = counter-terrorism financing, EBRD = European Bank for Reconstruction and Development, EIB = European Investment Bank, EU = European Union, FAO = Food and Agricultural Organization of the United Nations, GHG = greenhouse gas HIV/AIDS = human immunodeficiency virus/acquired immunodeficiency syndrome, ICT = information and communication technology, IDLO = International Development Law Organization, IFAD = International Fund for Agricultural Development, IFC = International Finance Corporation, ILO = International Labour Organization, IMF = International Monetary Fund, MTBF = medium-term budget framework, NEMA = National Emergency Management Agency, PRC = People's Republic of China, REDD = Reduced Emissions from Degradation and Deforestation, ROK = Republic of Korea, SME = small and medium-sized enterprise, STI = sexually transmissible infections, TAD= transboundary animal disease, TVET = technical and vocational education and training, UN = United Nations, UNDP = UN Development Programme, UNFPA = United Nations Population Fund, US = United States, WHO = World Health Organization.
